Welcome to the Fayette County, Indiana Health Department

The Fayette County Health Department is located in Connersville, Indiana and serves the community as a source for health information, birth and death records, and a variety of other services.

School Year Immunization Requirements

NOTE: Immunization documentation must include: the student's name and date of birth, the vaccine given and date (month/day/year) of each immunization, and the signature of a medical provider.

Students entering grades **6th through 12th** must have appropriate documentation of receiving the following vaccinations: **Tdap** (Tetanus, diphtheria, accellular pertussis) vaccine, **MCV4-** (Menactra or Menveo) meningococcal conjugate vaccine, and **two varicella** (chickenpox) vaccinations, appropriately spaced. Children entering **preschool or kindergarten** at an accredited K-12 school (not daycare centers) must now have **two** appropriately documented **varicella** (chickenpox) vaccines, separated by at least three months.

Immunization Requirements

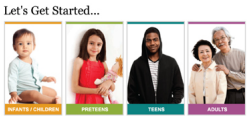
Immunization Clinics are held on the 1st, 2nd, and 4th Wednesday of each month from 9 am - 11:45 am and 1 pm - 4 pm.

Contact us for more information.

Office Hours

Monday - Friday 8:30 am - 4:00 pm

Vaccine Information You Need



This website is brought to you by the Immunization Action Coalition, a national leader in immunization education. For parents and people of all ages, it provides timely, accurate, and proven information about vaccines and the diseases they prevent. Vaccines save lives!

This site is being funded through a grant from the CDC for the education and prevention of bio-terrorism.
